Glowé +

The Ultimate Glow Guide
Akeva Skincare

Welcome to Your Glow Ritual

One serum. Every solution.

Glowé+ is your all-in-one repair serum — crafted to brighten, hydrate, smooth, and refine skin in just one step.

This guide shows you how to use it smartly for real, long-term glow.

01 Why You'll Love Glowé +

- Brightens dull and uneven skin tone
- Hydrates and plumps deeply
- Refines texture and softens lines
- Fades spots and post-acne marks
- Gently exfoliates and smooths skin surface

GLOW TIPS BY AKEVA

Use at night 3x/week for starters

Combine with Skinné Face Wash for a clean prep

Always apply on dry skin — damp skin may increase sensitivity due to Glycolic Acid

02 How to Use Glowé +

- Apply 2–3 drops to clean, dry face
- Use at night or every other day if skin is sensitive
- Follow with a moisturizer
- Use SPF daily when using Glowé+ at night

⊘ Avoid combining with other exfoliants or retinol in the same routine.

What to Expect

AKEVA

01

Day 1 – Skin feels soft, hydrated

02

Week 2 – Glow starts to appear, texture improves

03

Week 4 – Even skin tone, smoother, brighter finish

Akeva's Promise

Glowé+ is:

- Dermatologist-tested
 - Made for busy routines and all skin types
 - Free from parabens, drying alcohols, and harsh fragrances
 - Cruelty-free and non-comedogenic
- Glowé+ is simplicity without compromise.

? CAN I USE THIS EVERY NIGHT?

Start slow (2–3x/week), then build to daily if skin tolerates it.

? IS IT SAFE WITH VITAMIN C OR RETINOL?

Not in the same routine.
Alternate days for best results.

? IS IT PREGNANCY-SAFE?

Glowé+ contains Glycolic Acid.
Consult your doctor during pregnancy.

? WILL IT CAUSE TINGLING?

Slight tingling is normal due to active ingredients like glycolic acid.

Inside the Formula

Hero Ingredients:

- Vitamin C – Brightens and boosts collagen
- Niacinamide (B3) – Balances tone and reduces pores
- Hyaluronic Acid – Deep hydration and plumping
- Glycolic Acid – Gentle exfoliation for smoother skin
- Glycerin + P.G. – Moisture barrier support

H2O, Vitamin C, Niacinamide (B3), Hyaluronic Acid, Carbopol, MP Sodium, Propylene Glycol (P.G), Glycolic Acid, EDTAT, Glycerin, DMDM, TEA
